REPLACEMENT PADS AVAILABLE FOR ALL DATERS

POCKET STAMPS

The deluxe pocket stamp is a metal case with a felt ink pad in the bottom of the case.

To re-ink, apply ink directly to the felt pad.

The pre-inked pocket stamp is a plastic case and does not use a stamp pad.

It has a special rubber that absorbs ink. To use, take off the cover and press down.

To re-ink, turn the stamp upside down and put ink on the surface of the stamp.

The deluxe pocket stamp can print in any color on our color chart.

The pre-inked pocket stamp is available in black, blue, red or green.

SIGNATURES and ARTWORK requirements

YOUR SIGNATURE or ARTWORK

MUST BE provided in black ink on plain, unlined white paper. It must be actual size, nothing touching it. If ordering a signature stamp, please give us 2 or 3 samples of the signature. Do not fold the paper thru the signature or artwork.

The sharpest original will make the best stamp. If what you give us is a little fuzzy, the stamp will be a little fuzzy. The better the original, the better the stamp.

We can reduce or enlarge your artwork for an extra \$5.00, but sometimes the stamp does not look as good as your original – Please provide actual size whenever possible.

SENDING ART BY E-MAIL We can work with .TIF files or .BMP files only, Windows format. **NO .JPG, .DOC or .PDF files!** The file must be 300-600 dpi, actual size. There must be some blank space around the signature or artwork; 1/8" minimum space is best. The file must be saved as a black-and-white file - we cannot work with files saved as color files.

In addition, please fax or mail us the order with your signature or artwork along with all instructions. Not faxing or mailing the order may delay your order. Email: SALES@AAASTAMP.COM
